WHAT OUR CLIENTS SAY

"We selected Manchester Staff as our preferred recruitment company based on their professional and non-intrusive approach to recruitment. We explained our requirements and they quickly delivered appropriate CV's of potential candidates very quickly. We went on to interview and appoint candidates from our selection.

During the whole process we found Dino to be very supportive, reliable and trustworthy. We went on to recommend them to our European HR Director who was equally impressed with the level of service.

I would have no hesitation recommending Manchester Staff to any prospective employer looking for candidates and a professional recruitment partner."

Geoff J. (Managing Director)

EXCEPTIONAL

"We found Manchester staff to be exceptional. We came to them with a detailed brief of the type of person we wanted and within days had applicants to interview. The applicants were great quality and we have now selected a new recruit. The service and communication was great throughout the whole process and we'd certainly use them again.

Darren G. (Director)

FANTASTIC SERVICE

"The level of candidates was also much higher than we expected and he made the whole process seamless. I would recommend Manchester Staff very highly."

Alex M. (SEO Manager)
