WIZARD

Your trusted partner

With Wizard managing your IT services you can get on with running your business

Wizard was founded in 1995 and has since become one of the leading IT solution providers to businesses in London, Essex and the home counties. With customers as far afield as Europe, USA and Asia, much of Wizard Group's success is based on building strong relationships with our clients and offering solutions that meet the highest standards. Wizard now manage and maintain the business critical systems on over 200 customer sites. Our specialist expertise lies in support, cyber security, cloud services and custom web solutions.

JOHN ROWLAND, ALCHEMY PARTNERS

"WE ARE HAPPY TO RECOMMEND WIZARD AS AN EXCELLENT, CUSTOMER-FOCUSED AND PROACTIVE IT PARTNER"

JACQUELINE O'DONOVAN, O' DONOVAN WASTE

WIZARDcyber

Your trusted cyber partner

Simplifying Cyber Security

Established initially to deliver network security products to existing IT support customers, we quickly realised that effective cyber security requires a more holistic approach that involves the identification, detection, and removal of cyber threats. It also requires the continual update of preventative measures (controls) and regular testing to ensure that these measures are working correctly.
