

WHY USE MORSON FM?

With Morson FM

- One company carrying out all your servicing needs
- Regular pre-planned visits from qualified engineers who get to know your site and personnel
- One invoice covering all servicing
- Plus a FREE on line portal for all your RAMS/invoices/call sheets/certificates
- Any other servicing or ad hock remedial work required is available from our bank of qualified, vetted and trusted sub-contractors
- To contact us its one number or one email - single point of contact

Without Morson FM

- Many contractors carrying out various services at different times
- Visits as and when arranged by a range of companies by a range of contractors
- Plenty of invoices and plenty of companies to chase for copies and required paperwork!
- Having to look for a new company for ad hock or remedial work with no prior history or recommendation
- Look for all the contacts and numbers for your current companies

Why not ask for a FREE survey and no obligation quotation?
