

## Kenny Orpin Commercial Manager

With 19 years banking experience of which the last 10 were spent lending into corporate and commercial property businesses with High Street lenders, Kenny is ideally qualified and experienced to support our growing client base across Greater Manchester and the North West.

Kenny is passionate about helping his clients find the right solutions to help them grow and achieve their business potential.

Born in London, Kenny moved to Devon with his family at a young age and went on to study his degree at The University of Exeter before moving to Manchester in 2006 to continue his career in Banking and Finance.

A very proud Uncle to Imogen (3 years old) and Leonard (8 months), Kenny spends a lot of his time on the M6/M5 down to Exeter so as not to be a distant Uncle and be involved in their upbringing. With any other free time, he enjoys spending quality time with friends in Manchester at restaurants, bars and gigs.

A keen fundraiser for charity, Kenny is planning his next big trip having previously trekked on The Great Wall of China, cycled 500 miles from Vietnam to Cambodia and most recently summited Kilimanjaro, all in aid of The Christie Hospital, Manchester.
