

Fully funded digital skills training for businesses

The Digital Careers Upskill Programme provides small & medium sized businesses (SMEs) and employed individuals in the Greater Manchester area access to a wide range of fully funded digital skills training courses and qualifications.

The programme is being delivered as part of Greater Manchester Combined Authority's three-year Skills for Growth programme funded by the European Social Fund which means the training we offer can be accessed at no cost to those eligible.

The aim is to provide local people with new skills and knowledge so they can progress and businesses can grow.

The programme delivers two strands of training:

- Digital Reskill – retraining individuals into digital roles
- Digital Upskill – upskilling individuals already in digital roles

SMEs

A member of our Skills Engagement Team will conduct an analysis based on your business' growth ambitions to identify the skills gaps that need to be addressed and develop a bespoke training programme relevant to your business' digital needs.

EMPLOYED INDIVIDUALS

One of our experienced Skills Coaches will guide and support individuals with career aspirations in the digital skills sector with an Individual Learning Plan to aid progression opportunities within their current organisation.

ELIGIBILITY

The programme is available to all SMEs and employees based in:

- Bolton
- Bury
- Manchester
- Oldham
- Rochdale
- Salford
- Stockport
- Tameside
- Trafford
- Wigan
