Data Migration

Core Services

Product Engineering

- Full-stack, Java, .NET, WEB development
- Cloud Engineering & migration
- Mobile app development - hybrid & native
- UX design services

Interoperability & Integration

- Interfaces development
- Edge computing gateways
- Error monitoring
- Interface management

Data Management

- Modelling & MDM services
- Enterprise data lake & sandbox development
- EDW managed services & analytics
- Data security & governance

QA & Automation

- QA Automation
- Shift-Left testing
- Multi-platform and cross-browser testing
- Performance security testing
- DevSecOps + CI/CD pipeline
- RPA automation

Sustenance & Serviceability

- L1-L4 24/7 app monitoring & support
- Health IT implementation services
- Cloud infrastructure support
- Managed Services models-upgrades, certifications

Core Services

Data Science

- Data science consulting
- Model development & validation
- Model operation/production
- AI CoE enablement

Digital Transformation

- Product engineering
- User Experience (UX), user journeys
- Cloud digital platforms
- DevOps & automation

Medical Imaging

- RIS/PACS integration & development
- Patient engagement
- Cloud VNA/PACS
- AI-assisted radiology
- Imaging CoE

System Integration

- ISV, IOT & Device integration / intero
- Implementation and Support
- HL7, FHIR, API interface management

Data Engineering

- Data modernization using FAST+
- Cloud based EDW & Data Lake development
- Data quality, mapping and deidentification

Our Offshore Team

Techno Kryon provides a one-stop-shop for all of your outsourcing needs. To ensure the success of your projects, we only provide certified developers. In-house employment might be expensive, but by contracting with our team of talented remote developers, you can rest assured that your projects will be completed successfully at a reduced price.

Benefits

- Cost Reduction
- Expert Resources
- Improved Productivity
- Lower Risks
- Enhanced Flexibility
- Faster Delivery

Replacement policy

If the resource leaves the project within 10 days of joining, or if the resource looks unsuited to your requirements, we will provide a replacement at no additional cost. We promise to hold a productive knowledge transfer (KT) session with the new hire within the allotted time limit.

On-Demand Developers

HIGH PRODUCTIVITY SERVICES

- Certified developers
- No Overtime or Hidden Fees
- Free QA and Free Management
- Save 50 - 75% on Development Costs!

REFRESHINGLY UNIQUE MODEL

- Transparent & Local Interaction
- Real-Time Collaboration & Accountability
- Full-Time, Dedicated Developers

ONE-STOP DEVELOPMENT SHOP

- 80+ In-House Developers
- Bridge Any Skillset Gap
- Industry-Specific Technical Teams

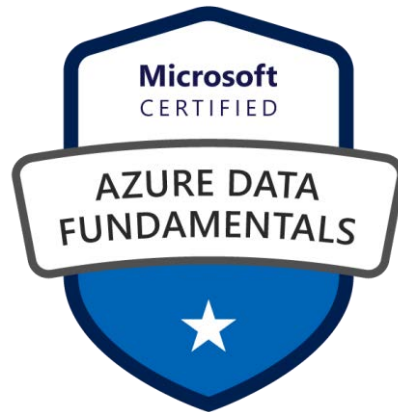

WORK FOR HIRE SERVICES

- Start within 48 Hours
- Long-Term Relationships
- 25 Years in Business
